

Miss White and her seven little pals were walking along a path near the library when suddenly the path diverged and each little friend went off in a different direction, searching for a great story to tell her!

She misses them terribly! Can you help her find them? They have been spotted all around the downtown area in local businesses! Some may be easy to find, some are sneakier. She knows they would likely be hanging out near a window or door to catch the sun!

Write down the name of the business you spot each little guy next to his name.

When you've found them all, return your sheet to the library by August 8th where Miss White awaits patiently for them and their next adventure.

If you have them all correct, your name will be put in a drawing for a prize.
